Purdue Extension Means Business

By this time each county should have received at least 200 copies of the PEMB tabloids and 200 PEMB business cards. These materials are for you to distribute at workshops, meetings and to leaders in your community. The PEMB tabloids will appear in eleven local papers beginning October 24th through November 8th.

Education Store Update

The Education Store is proving to be a success for our non-extension customers. During the first eight months of this year, 2005, the store is averaging 53 orders per month and monthly sales of \$2,800.00. We are reaching many who are first time customers and from states from all over the country and the world.

This only confirms that the Education Store is a convenient resource of

Knowledge to Go materials, available 24/7.

County Offices
