

# Input/Output Worksheet

Issue & Audience: \_\_\_\_\_  
\_\_\_\_\_

**Directions:** Describe the benefits of addressing the issue in the space provided below. Remember, the benefits may accrue over time.

<b>Inputs: Provide a rationale for the resources.</b>  (Estimate total cost/resources, including human resources, as you described them on the “Projecting Anticipated Impact & Potential Costs/Resources” worksheet.)	<b>Outputs: Describe the value of addressing this issue, quantifying whenever possible.</b>  (Consider economic value [input/output], environmental value, and human value as well as the potential short- and long-term results.)
