

# Summer Research Experience in GERMANY

Heinrich Heine University, Dusseldorf

May 15 – July 28, 2024

Spend 11 weeks in a mentored summer research experience at the Heinrich Heine Universität Düsseldorf (HHUD). Research projects emphasize molecular approaches and utilize a wide variety of biological systems, including plants, mammalian tissue cultures, mice, bacteria, fungi, viruses, etc. Each student is paired with a German graduate student mentor or postdoctoral fellow, who provides one-on-one instruction and supervision. In addition to research, students will participate in a seminar on scientific literature. For more information: Heidi Fornes, [hforne@purdue.edu](mailto:hforne@purdue.edu) or Dr. Joe Ogas, [ogas@purdue.edu](mailto:ogas@purdue.edu)

Estimated Expenses:

- Purdue summer tuition (8 credits) \$2500 (resident)/\$7201 (non-resident)
- German government required fee \$291
- Insurance \$96
- On-campus housing \$1665
- Airfare ~\$1500
- Meals ~\$1000
- Passport \$135
- Additional travel expenses as determined by student
- Purdue Study Abroad (\$2000), Ag Study Abroad and German government (RISE) scholarships available

Apply by December 1, 2023: <https://www.studyabroad.purdue.edu/programs>
